21 July 1976

Dear Weisberg. Thank you for yours of the 9 & 16 July with enclosure. I wish you luck in your pursuit of the gentleman from Calabassas. So far as FOIA/PA and I are concerned, I have not the slightest interest in what the government may have filed; most of it I know; the rest scarcely matters. Attorneys are a dime a dozen but expensive. If you are suing for money there are many who will take cases on contingency & if damages are assessed, will collect 33 1/3 to 50% of the take. Surely your friend in L.A. can supply the names of several. Our ex-attorneys are all in the phone book, from Judge Robert E. Kenny through Ben Margolis & Charles Katz. Whether they would be interested, only they can say.
